Wednesday, May 3rd
7:00PM

with special guest speaker

Ari Zolan

Entrepreneur, television and radio commentator, speaker, media personality, best selling author, Ari Zolan has made his mark in the technology, business and start-up sectors.

As CEO and founder of Quantum Networks, LLC, a New York City-based e-commerce company, Zolan oversaw the company's expansion from a startup in 2008 to a multimillion-dollar company in 2014. His oversight gained the company a 4,566% increase in revenue, a rise deemed unprecedented in the industry. The company has earned a place on the INC. 500 list for the second year in a row, as one of the fastest growing companies in the United States.

Prior to starting his career, Zolan graduated from Yeshiva University and Sy Syms School in Business. An early adopter of next generation technology, Zolan founded Launch 3 Communications, Inc. in 2000. The company built voice and data networks overseas, while introducing the innovative voice over internet protocol (VoIP) technology to over 170 countries around the world. In 2003, Ari co-founded Launch 3 Ventures, LLC, acquiring assets from distressed technology and telecommunications companies.

Zolan is an avid traveler to Third World and emerging countries. He developed a strong belief in the doctrine of social entrepreneurship and now spends much of his time donating technology to unserved and under-served countries in the developing world. His belief that strong spiritual strategies can add to a business' healthy bottom line, has led him to author the soon-to-be published book, *Holy Business, 7 Spiritual Principles to Great Success*.

A regular guest on *Fox News*, *CNN*, and *NBC*, Zolan provides expert commentary on technology, mobile, cyber-security, entrepreneurship, social media and emerging business trends.
